

UNIVERSITAS PANCASILA
PROFIL LULUSAN DAN CAPAIAN PEMBELAJARAN

UNIVERSITAS PANCASILA
PROFILE OF THE GRADUATE AND LEARNING OUTCOMES

Fakultas Program Studi Jenjang	: Teknik : Teknik Elektro : Sarjana (S-1)	Faculty Study Program Level	: Engineering : Electrical Engineering : Undergraduate
I. PROFIL LULUSAN Lulusan Program Studi Teknik Elektro S-1 Universitas Pancasila memiliki profil lulusan antara lain sebagai berikut: <ol style="list-style-type: none">1. perekayasa keteknikan,2. supervisor,3. konsultan jasa industri,4. peneliti dan pengembang, atau5. wiraswasta dalam bidang teknik elektro.			I. PROFILE OF THE GRADUATE The graduate of Electrical Engineering Study Program, Universitas Pancasila has among others the following profiles: <ol style="list-style-type: none">1. engineer,2. supervisor,3. consultant,4. researcher and developer, or5. entrepreneur in the field of electrical engineering.
II. CAPAIAN PEMBELAJARAN A. SIKAP Lulusan Program Studi Teknik Elektro S-1 Universitas Pancasila memiliki sikap sebagai berikut: <ol style="list-style-type: none">1. bertakwa kepada Tuhan Yang Maha Esa dan mampu menunjukkan sikap religius;2. menjunjung tinggi nilai kemanusiaan dalam menjalankan tugas berdasarkan agama, moral, dan etika;3. berkontribusi dalam peningkatan mutu kehidupan bermasyarakat, berbangsa, bernegara, dan kemajuan peradaban berdasarkan Pancasila;4. berperan sebagai warga negara yang bangga dan cinta tanah air, memiliki nasionalisme serta rasa tanggungjawab pada negara dan bangsa;			II. LEARNING OUTCOMES A. ATTITUDE The graduate of Electrical Engineering Study Program, Universitas Pancasila has the following attitudes: <ol style="list-style-type: none">1. believe in One God Almighty and show religious attitude;2. highly uphold the value of the humanities in carrying out his/her duties based on religion, moral, and ethics;3. contribute to improving the quality of life of the society, the nation, the state, and the progress of civilization based on Pancasila;4. act as a proud, patriotic, and nationalistic citizen and be responsible to the state and nation;

5. menghargai keanekaragaman budaya, pandangan, agama, dan kepercayaan serta pendapat atau temuan orisinal orang lain; 6. bekerjasama dan memiliki kepakaan sosial serta kepedulian terhadap masyarakat dan lingkungan; 7. taat hukum dan disiplin dalam kehidupan bermasyarakat dan bernegara; 8. menginternalisasi nilai, norma, dan etika akademik; 9. menunjukkan sikap bertanggung jawab atas pekerjaan di bidang keahliannya secara mandiri; dan 10. menginternalisasi semangat kemandirian, kejuangan, dan kewiraswastaan.		5. respect diversity in cultures, views, religions, and beliefs as well as opinions or the original findings of others; 6. cooperate and have social sensitivity and social care for the society and the environment; 7. obey the law and be disciplined in social and state lives; 8. internalize academic values, norms, and ethics; 9. show responsibility in his/her area of expertise independently; and 10. internalize the spirit of independence, effort, and entrepreneurship.	
B. PENGUASAAN PENGETAHUAN Lulusan Program Studi Teknik Elektro S-1 Universitas Pancasila memiliki penguasaan pengetahuan sebagai berikut: 1. menguasai secara mendalam konsep teoretis tentang sains, prinsip-prinsip, dan perancangan rekayasa yang diperlukan dalam penganalisisan dan perancangan sistem teknik telekomunikasi, tenaga listrik, sistem teknik kendali, dan sistem elektronika; 2. menguasai secara mendalam konsep teoretis tentang sains alam dan prinsip matematika rekayasa untuk membangun model elektronik;			B. KNOWLEDGE MASTERY The graduate of Electrical Engineering Study Program, Universitas Pancasila has the following knowledge masteries: 1. a complete mastery of the theoretical concepts of science, principles, and engineering design required for analysis and telecommunication system, electrical power, control engineering system, and electrical system designs; 2. a complete mastery of the theoretical concepts of natural sciences and the principles of engineering mathematics in creating electrical models;

3. menguasai secara mendalam prinsip dan teknik perancangan sistem, teknik telekomunikasi, tenaga listrik, teknik kendali, dan elektronika; 4. menguasai secara mendalam konsep teoretis tentang sistem teknik telekomunikasi, tenaga listrik, teknik kendali, dan elektronika; dan 5. menguasai secara umum prinsip dan isu terkini tentang ekonomi, sosial budaya, dan lingkungan.		3. a complete mastery of the principles and system design techniques, telecommunication technique, electric power, control system, and electronics; 4. a complete mastery of the theoretical concepts of telecommunication technique, electric power, control technique, and electronics; and 5. a general mastery of the principles and contemporary issues of economy, socio-culture, and environment issues.	
C. KETERAMPILAN UMUM Lulusan Program Studi Teknik Elektro S-1 Universitas Pancasila memiliki keterampilan umum sebagai berikut:			C. GENERAL SKILLS The graduate of Electrical Engineering Study Program, Universitas Pancasila has the following general skills: 1. an ability to implement logical, critical, systematic, and innovative thinking in the context of developing or implementing science and technology by taking into account and implementing the values of the humanity according to his/her of expertise; 2. an ability to demonstrate independent, excellent, and measurable performance; 3. an ability to find the implications of the development or implementation of science and technology by taking into account and implementing the values of humanity according to his/her expertise based on rules, procedures, and scientific ethics in
